PROFESSIONAL SUMMARY

Highly motivated Web Developer with foundational experience in full-stack development, proficient in **React.js, Node.js, Python (Django/Laravel), and MySQL**. Proven ability to deliver responsive user interfaces and robust backend logic. Eager to leverage skills in **API development, database management, and cloud technologies** to build scalable web platforms and continuously learn new technologies.

TECHNICAL SKILLS

Category	Skills
Frontend	React JS, HTML5, CSS3, JavaScript, Bootstrap
Backend	Python, Django, Node JS, Laravel, Spring Boot (Java)
Database	MySQL
Tools/Concepts	RESTful APIs, Git/GitHub, Responsive Design, SDLC

PROJECTS & EXPERIENCE

INTERNSHIP: Spring Boot Java Developer

FEMTOSOFT TECHNOLOGIES | Chennai | (1 Month)

- **Backend Development:** Implemented core backend logic using **Spring Boot and Java**, focusing on server-side architecture and data processing.
- **API Integration:** Successfully built and tested **RESTful APIs** to facilitate seamless communication between the frontend and integrated databases.
- **Database Management:** Handled efficient data management and integration, ensuring robust server performance for application logic.

INTERNSHIP: React.js Frontend Developer

LITTETAKE | (20 Days)

- **Web Application Development:** Developed a dynamic movie listing website using **React.js** for the frontend user interface.
- **API Utilization:** Integrated movie data via the company's proprietary API, ensuring real-time content display.
- **Responsive Design:** Ensured the website was fully responsive across all devices, focusing on smooth navigation and optimal user experience.

STUDYMATE (Mini Project)

Personal Project | Django, MySQL

- Developed a dedicated platform for students to access essential study notes and resources before exams.
- Managed all user and note data efficiently using a **MySQL** database.
- Designed a **responsive UI** using **Bootstrap and custom CSS** to ensure accessibility and ease of use.
- *Project Link:* https://github.com/Anbu302004/ClgProject

E-COMMERCE POPUP SYSTEM

Personal Project | Laravel, MySQL, JavaScript

- Engineered a dynamic popup feature for an online shopping website to enhance promotional visibility.
- Utilized **Laravel and MySQL** for backend structure and data handling.
- Implemented **JavaScript animations** to achieve smooth, engaging transitions, directly aiming to improve user interaction and engagement.

EDUCATION

Bachelor of Technology in Computer Science Engineering

CHRIST COLLEGE OF ENGINEERING AND TECHNOLOGY | Puducherry

- GPA: 8.5/10

Higher Secondary Certificate (HSC)

Petit Seminare Higher Secondary School | Puducherry

- Percentage: 70.67%

Secondary School Leaving Certificate (SSLC)

Petit Seminare Higher Secondary School | Puducherry

- Percentage: 64.8%
